

Personalized 30-Day Growth Plan

Sample for Ages 3-5

Meet Maya, age 4

Designed around animals, music, pretend play, and helping in the kitchen.

MONTHLY FOCUS

Transitions

Emotion words

Listening

What this sample demonstrates

- age-adapted activities that fit real family routines
- specific parent language, observation cues, and gentler options
- professional boundaries with responsible AI support

All names, circumstances, and examples are fictional. This is not medical or psychological care.

Child snapshot and 30-day priorities

INTERESTS AND ENGAGEMENT

animals, music, pretend play, and helping in the kitchen

STRENGTHS TO BUILD ON

warm, energetic, imaginative, and eager to join an adult

PARENT PRIORITY

easier transitions, more emotion words, and short moments of listening

LEARNING FIT

movement, imitation, pictures, repetition, and playful adult guidance

REALISTIC DAILY WINDOW

5-10 minutes

Goals for the next 30 days

1

Predictable transitions

Use one clear cue, one small choice, and the same finish each time.

2

Emotion language

Connect simple feeling words with body signals and safe actions.

3

Brief shared attention

Practice stopping, looking, listening, and completing one tiny sequence.

How to use this plan

Use one activity on most days. Repeat, shorten, or skip whenever needed. The goal is not perfect completion; it is to learn which supports fit this child and family.

Week 1

Safety and predictability

Simple cues, playful connection, and very short wins.

Week 2

Name what is happening

Feelings, body signals, and first-then language.

Week 3

Practice flexible action

Waiting, helping, repairing, and trying again.

Week 4

Child-led confidence

Repeat what works and let Maya take a little more ownership.

Five principles behind the plan

- Connection before correction.
- Short and repeatable beats long and forced.
- Notice patterns; do not score the child.
- Support should match age, context, energy, and safety.
- When a concern is persistent, severe, or disrupts daily life, seek qualified professional guidance.

Days 1-5

DAY 1 | Animal Wake-Up Stretch

CONNECTION BEFORE DIRECTION - 5 MIN

TRY Choose three animals. Copy one slow stretch, one stomp, and one quiet curl-up together.

SAY "First bear, then butterfly. You choose the last animal."

NOTICE Maya follows one action after watching you.

GENTLER OPTION Do only one animal and finish with a high-five.

DAY 2 | Feelings in the Mirror

EMOTION WORDS - 5 MIN

TRY Make happy, worried, frustrated, and calm faces in a mirror. Match each face with one body clue.

SAY "My eyebrows feel tight. That can mean frustrated."

NOTICE She points to or copies one feeling face.

GENTLER OPTION Offer only two feelings: happy or upset.

DAY 3 | Two-Choice Picture

TRANSITION COOPERATION - 5 MIN

TRY Draw two simple choices for the next routine: hop to the bathroom or walk like a cat.

SAY "It is bathroom time. Hop or cat-walk?"

NOTICE She chooses and begins with less repeated prompting.

GENTLER OPTION Choose for her, then invite her to copy you.

DAY 4 | Three-Step Tidy Song

SHORT SEQUENCE - 6 MIN

TRY Sing the same three steps: blocks in box, books on shelf, hands together.

SAY "Blocks, books, hands - then we are done."

NOTICE She completes one or more steps with the song.

GENTLER OPTION Put away three objects together and stop.

DAY 5 | Stop-and-Go Animal Parade

LISTENING AND INHIBITION - 6 MIN

TRY March like animals. Alternate a clear go cue with a playful stop cue.

SAY "Elephants go... elephants stop and listen."

NOTICE She pauses within a few seconds of the cue.

GENTLER OPTION Hold hands and stop together.

Days 6-10

DAY 6 | Bubble Breathing

CALMING THROUGH PLAY - 4 MIN

TRY Pretend to smell a flower, then blow one long imaginary bubble. Repeat three times.

SAY "Small smell in, slow bubble out."

NOTICE Her exhale becomes a little slower.

GENTLER OPTION Blow one real or imaginary bubble only.

DAY 7 | First-Then Card

PREDICTABLE ROUTINE - 5 MIN

TRY Draw a tiny card: first shoes, then song. Point to each picture while speaking.

SAY "First shoes. Then your song."

NOTICE She checks the card or moves to the second step.

GENTLER OPTION Use one object as the cue instead of a drawing.

DAY 8 | Color Hunt and Reset

ATTENTION SHIFT - 6 MIN

TRY Find three objects of one color, place them together, then sit for one quiet count to five.

SAY "Find three yellow things, then our bodies rest."

NOTICE She returns to you after the search.

GENTLER OPTION Find one object and count to three.

DAY 9 | Puppet Transition Rehearsal

PRACTICE BEFORE PRESSURE - 7 MIN

TRY Use a toy to act out stopping play, feeling disappointed, and moving to the next routine.

SAY "Bear wants more play. Bear can say, one more hug, then bath."

NOTICE She supplies a word, gesture, or next step.

GENTLER OPTION You narrate while she simply watches.

DAY 10 | Drum-Pattern Turns

LISTENING AND TURN-TAKING - 6 MIN

TRY Tap a two-beat pattern on a table. Maya copies; then let her lead.

SAY "My turn to tap. Your turn to copy."

NOTICE She waits briefly and copies one beat.

GENTLER OPTION Copy her pattern only; do not require a return turn.

Days 11-15

DAY 11 | Choose from the Calm Basket

SELF-SOOTHING CHOICE - 5 MIN

TRY Offer two safe items such as a soft toy and a picture book. Try each for one minute.

SAY "Which helps your body: soft bear or quiet book?"

NOTICE She shows a preference or settles with support.

GENTLER OPTION Hold one familiar comfort item together.

DAY 12 | Snack Helper Steps

INDEPENDENCE WITH SUPPORT - 8 MIN

TRY Give two jobs: carry napkins and place two cups. Use a picture or point to each place.

SAY "Your jobs are napkins and cups. I will help."

NOTICE She completes one job and returns for the next.

GENTLER OPTION Give one job with hand-over-hand help.

DAY 13 | Feelings in a Story

PERSPECTIVE AND LANGUAGE - 7 MIN

TRY Pause once in a familiar book. Name what a character may feel and why.

SAY "Fox lost the ball. Sad or angry - what do you think?"

NOTICE She chooses a feeling or notices the character's face.

GENTLER OPTION Name the feeling yourself and continue reading.

DAY 14 | Freeze Dance

BODY CONTROL - 6 MIN

TRY Play or hum a short song. Move together and freeze when the sound stops.

SAY "Music on: move. Music off: freeze."

NOTICE She slows or stops with your model.

GENTLER OPTION Use one start and one stop only.

DAY 15 | Change Warning Countdown

PREPARING FOR TRANSITIONS - 5 MIN

TRY Before ending play, give one five-minute warning and one final one-minute warning using the same phrase.

SAY "Five more minutes, then blocks rest in the box."

NOTICE She begins to anticipate the ending.

GENTLER OPTION Show a timer visually and stay nearby.

Days 16-20

DAY 16 | Teddy Solves a Problem

SIMPLE PROBLEM-SOLVING - 7 MIN

TRY Create a tiny problem: Teddy cannot reach a toy. Offer two safe solutions and act one out.

SAY "Teddy can ask for help or use the step. Which one?"

NOTICE She chooses or invents a solution.

GENTLER OPTION Choose the solution and let her move Teddy.

DAY 17 | Body Weather Check

NOTICE INTERNAL SIGNALS - 5 MIN

TRY Use weather words for body states: sunny, stormy, wiggly wind, or quiet cloud.

SAY "What is your body weather right now?"

NOTICE She picks a word, picture, or gesture.

GENTLER OPTION Describe your own body weather first.

DAY 18 | Pour, Wipe, Finish

SEQUENCE AND REPAIR - 8 MIN

TRY Let Maya pour a small amount of water, then practice wiping one spill without blame.

SAY "Spills happen. Pour, wipe, all finished."

NOTICE She stays engaged after a small mistake.

GENTLER OPTION Use an empty cup and pretend.

DAY 19 | Red-Yellow-Green Signals

EARLY REGULATION - 6 MIN

TRY Match red with stop, yellow with slow and check, and green with ready. Practice during play.

SAY "Yellow body - slow feet and check."

NOTICE She responds to one color cue.

GENTLER OPTION Use only red and green.

DAY 20 | Goodbye Ritual

CONSISTENT ENDINGS - 5 MIN

TRY Create a three-part ending: name the fun, wave goodbye, and choose when to return.

SAY "We loved the puzzle. Goodbye puzzle. We can play tomorrow."

NOTICE She participates in one part of the ritual.

GENTLER OPTION You complete the ritual while holding her close.

Days 21-25

DAY 21 | Matching Socks

FOCUSED HELPING - 7 MIN

TRY Place three pairs of very different socks on the floor and match them together.

SAY "Find the sock that looks the same."

NOTICE She compares before choosing.

GENTLER OPTION Use one pair and one extra sock.

DAY 22 | Sensory Path

TRANSITION THROUGH MOVEMENT - 6 MIN

TRY Make a short path: step on a towel, jump over tape, push hands on the wall, then arrive.

SAY "Follow the path to the bathroom."

NOTICE She moves through the transition with less resistance.

GENTLER OPTION Use one movement station only.

DAY 23 | Build, Fall, Rebuild

TOLERATING SMALL FRUSTRATION - 8 MIN

TRY Build a small block tower, let it fall, pause, and rebuild one level together.

SAY "It fell. We can pause, then try one piece."

NOTICE She returns after the fall.

GENTLER OPTION You rebuild while she hands you one block.

DAY 24 | Practice Asking for Help

COMMUNICATION - 5 MIN

TRY Place a wanted item in a safe but slightly difficult spot. Model one simple help phrase.

SAY "Help, please. You can say it or show me."

NOTICE She uses a word, sign, or look to request support.

GENTLER OPTION Respond to any clear gesture immediately.

DAY 25 | Wait with a Song

BRIEF WAITING - 5 MIN

TRY Use the same short song while waiting for toast, a turn, or water. End when the wait ends.

SAY "While we wait, we sing our waiting song."

NOTICE She stays nearby for part of the wait.

GENTLER OPTION Sing one line and provide support.

Days 26-30

DAY 26 | Family Picture Talk

BELONGING AND LANGUAGE - 7 MIN

TRY Look at three family photos. Name who is there, what happened, and one feeling.

SAY "Here we were together. I felt happy and tired."

NOTICE She adds a person, action, or feeling word.

GENTLER OPTION Talk about one favorite photo.

DAY 27 | Tiny Obstacle Course

PLAN AND COMPLETE - 8 MIN

TRY Create three safe stations: crawl under a chair, step over a cushion, and place a toy in a basket.

SAY "First under, then over, then toy home."

NOTICE She remembers or checks the sequence.

GENTLER OPTION Use two stations and lead the way.

DAY 28 | Design the Calm Corner

OWNERSHIP OF REGULATION - 8 MIN

TRY Invite Maya to choose two calm-corner items and a simple name for the space.

SAY "This is a place to feel safe, not a punishment."

NOTICE She helps choose or place an item.

GENTLER OPTION Set it up yourself and introduce it gently.

DAY 29 | Child Leads a Favorite

CONFIDENCE AND COMMUNICATION - 8 MIN

TRY Repeat one activity Maya liked. Let her decide the animal, color, song, or order.

SAY "You are the leader. Show me the first step."

NOTICE She makes one clear choice and sees it followed.

GENTLER OPTION Offer two choices if open-ended leading is hard.

DAY 30 | Celebrate and Keep Two

REVIEW AND CONTINUITY - 10 MIN

TRY Look back at the month. Choose two routines to keep and make a tiny picture reminder.

SAY "What helped most: the song, pictures, or animal games?"

NOTICE She recognizes a familiar tool or favorite.

GENTLER OPTION The adult chooses based on observation and explains simply.

Reflect, adapt, and continue

Parent reflection

- Which activity created the easiest connection?
- What cue helped the child begin, stay, or return?
- What should be shortened, repeated, or stopped?
- What new question should guide the next month?

Keep the plan responsive

KEEP

Tools that helped more than once and were realistic for the family.

ADAPT

Good ideas that need a smaller step, different time, or more support.

STOP

Anything that increases distress, feels unsafe, or does not fit the child.

About RaiseBright

RaiseBright creates practical, age-adapted educational guidance from parent-provided information. Professional expertise sets the standards, boundaries, and final judgment; responsible AI supports organization and personalization.

Founded by Eriton Kollozi, MD - physician, healthcare executive, and founder of RaiseBright, with decades of experience across primary care, public health, social care, and services for children and families.

EDUCATIONAL SCOPE

This fictional sample is general educational information. It does not diagnose, assess, treat, or replace individual advice from an appropriately qualified professional. Parents retain judgment and responsibility for safety, suitability, and when to seek further help.
